COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Sir:

This communication is responsive to the Notice of Allowability dated April 19, 2006. Regarding the Examiner's Statement(s) of Reasons for Allowance, applicant agrees with the Examiner's conclusions regarding the acceptability of the drawings and the patentability of the allowed claims without necessarily agreeing with or acquiescing in the Examiner's reasoning. In particular, applicant believes that the application is allowable because the prior art fails to teach, anticipate or render obvious the invention as claimed, independent of how the invention is paraphrased in the Notice of Allowability.
